Jasper van Grootel

The Dahlia collection is inspired by the geometry of the Dahlia flower, whose petals spiral from the center with a mesmerising pattern. This fascinating pattern, based on the Fibonacci sequence or well - known Golden Ratio, led to a collection of large illuminated light flowers.

The Dahlia collection consists of three different standard sizes 1m; 1,5m; 2m; and a 75cm wall version available in five different colours. Each Dahlia is handcrafted from anodized aluminum and offers both functional and mood light; The rotating center spot light is accompanied by a powerfull LED strip that acts as a mood light.

The dimmable center LED spot light can be aimed any direction downwards in a approximately 135 degree angle. The LED strip that illuminates the fixture it self can also be dimmed separately.

DAHLIA large
height 250 mm | diameter 2000 mm
LED spot 11W dimmable
LED strip 15W dimmable

DAHLIA small
height 180 mm | diameter 1000 mm
LED spot 11W dimmable
LED strip 15W dimmable

DAHLIA medium
height 220 mm | diameter 1500 mm
LED spot 11W dimmable
LED strip 15W dimmable

DAHLIA wall light
height 180 mm | diameter 750 mm
LED strip 15W dimmable
