

repair kit

Due to the nature of the material, the products can become damaged. As a service to our customers you will find a first aid kit with the furniture. If your product gets damaged you will be able to repair this in a simple but effective way, with the bottle filled with liquid rubber included, in exact the same colour of your product.

All you have to do is to put a little layer of the liquid on the damaged area and let it dry for approx 5 minutes. Repeat this 3 or 4 times.

cleaning instructions

To clean your Plastic Fantastic item, only use a rough sponge with soft soap and warm water, to prevent any damaging or colouring. Do not use any chemical products! Special cleaning sets are available at JSPR.
