Jasper van Grootel

Imagine yourself taking a ride in a magical carousel, with nothing but sparkling light around you. Designer Jasper van Grootel envisioned himself in this beautiful moment when he designed the Mylennia ring light. By both classical and modern elements, this design may decorate all kind of spaces and through it's different sizes it fits any venue, big or small. The sparkling light from the Mylennia collection brings a heavenly feeling with it. Available in five standard anodized colours: black, silver, champagne, gold and bronze.
