Jasper van Grootel

The Lunar collection is an ode to the retro fairground bulbs that have become a signature feature for JSPR's style. Just like the collection that inspired it, the Aurora, the Lunar collection consists of a variety of circle shaped light rings in different diameters. The unique design provides excellent practical lighting and combined with a dimmer becomes a mood light when desired. The Lunar collection can be combined with the Aurora and Halo light rings, creating dynamic landscapes in both private and public interiors.

The Lunar is standard delivered including dimmable led-light bulbs, fabric cable (3m) and three steel suspension cables (3m each) and is standard available in three different diameters and five different colors: black, silver, champagne, gold and bronze.

LUNAR L
height 180 mm | diameter 2120 mm
192 retro bulbs - 230 W

LUNAR M
height 180 mm | diameter 1620 mm
144 retro bulbs - 172,8 W

LUNAR S
height 180 mm | diameter 1120 mm
96 retro bulbs - 115,2 W
